Summary

Senior Compositor with 5+ years of experience and 40+ film and TV productions, currently working as a Co-Lead. I specialize in seamless integration of visual elements through advanced keying, rotoscoping and tracking, with precise color correction that keeps every shot consistent and polished. I also integrate CGI elements and build AI-powered workflows, and have a growing understanding of 3D, to strengthen visual storytelling and deliver high-quality results on tight schedules.

Experience

Senior Compositor & Co-Lead Compositor

Trend VFX, Giza, Egypt
January 2021 – Present

- Promoted to Co-Lead Compositor: review shots and help the team maintain consistent quality across deliveries.
- Contributed to 40+ feature films and TV series for local and international productions, compositing high-end VFX shots using advanced keying, rotoscoping, tracking and color correction.
- Integrate CGI elements and use AI-powered tools and workflows to speed up delivery without affecting quality.
- Solve urgent production issues under tight deadlines and handle complex shots during critical stages of production.
- Work directly with clients on selected projects, taking briefs, discussing feedback and following up until final delivery.
- Led a full commercial project, managing client comments and coordinating the artists involved to keep everything moving smoothly.
- Collaborate with different departments and artists to match the required look and keep the final result visually consistent.

AI Artist

Freelance

- Create AI-generated images and video using ComfyUI, Midjourney, Magnific and Higgsfield.
- Build custom node-based workflows for image generation, upscaling and video.
- Combine AI output with traditional compositing and editing to deliver production-ready visuals.
- Use AI assistants such as Claude and ChatGPT to speed up research, scripting and problem-solving.

Video Editor

Freelance

- Edited diverse projects across various languages, styles and genres.

Education

- Bachelor of Commerce and Business Administration, Helwan University, Helwan, Egypt, 2015 – 2019
- Film Production Directing & Cinematography (Adobe post-production), Fusion Academy, Giza, Egypt, 2014
